

Webinar Discussion

How to get in front with a cloud core

Thursday, 29 February, 2024 | 2 pm GMT

[About the Event](#)[Key Takeaways](#)[The Webinar Panel](#)[Download Now](#)

WHY ATTEND?

Join our upcoming webinar on the evolution of banking in the dynamic and fast-paced financial landscape.

Listen to our experts delve into the pressing need for core transformation in the banking sector, exploring how lower entry barriers, fintech competition, and the race for innovation are reshaping the industry.

- We will highlight key insights from our recently launched report, emphasising the importance of a true digital core transformation.
- Our experts will introduce innovative concepts like composability and guide you through various approaches to core transformation, providing a strategic roadmap for navigating the complexities of change.
- Discover the benefits of embracing cloud-native solutions offered by Mambu and Google Cloud, explore a dual-core approach, and learn from successful case studies.
